Identifying the 20% at near-term disease onset risk not showing up in medical claims

KNOW YOUR NUMBER
KNOW YOUR NUMBER
HEALTH ASSESSMENT

Why is the Know Your Number HRA better than traditional HRAs?

1. Identifies the top five (5) conditions employees are susceptible to.
2. Identifies the percentage of avoiding those conditions by getting into a wellness program.
3. Provides a personalized reduction plan.
4. Graphically communicates various chronic disease risks:
   - CHD
   - Diabetes
   - Stroke
   - CHF
   - Lung Disease
   - Breast Cancer
   - Colon & Prostate Cancer
5. Provides age and gender matched risk comparisons.
7. Addresses both wellness and disease management.
8. Great resource when establishing ROI.
